

Music plays an important role in the daily life of Sacred Heart.

Our aims are:

- To provide high quality Music Education for all students in a safe and supportive environment.
- To encourage each student to fulfil their musical potential by making Music enjoyable and accessible to all.
- To develop the students' knowledge, skills and understanding of Music through performing music of different styles, organising sound into musical compositions and by listening to and discussing the music of others.
- To encourage students to work with others creatively
- To produce confident and independent musicians
- To promote music as a subject which leads to many exciting opportunities

The Sacred Heart Music program also provides an opportunity for all students to further their interest and skills by offering individual tuition on a variety of musical instruments. Tuition is provided after school hours. Please contact the school office for more details.

Students are also able to further their interests in instrumental and vocal activities by being involved in the school band, school choir and the music of our school masses.

There are a variety of performance opportunities available to students. These include performances in assemblies, masses, liturgies, concerts and musical productions.
